

## THE WELLNESS CENTER FOR WOMEN

### **MEDIA ALERT**

TWCW will hold their first Annual Women's Health Care Symposium & Fundraiser at CBS Studios, Studio City, CA on Saturday, October 9 from 12pm to 6pm.

TWCW is bringing the community together to provide emotional, psychological, physical support and educational resources for women who are primary caretakers of "special needs" loved ones. Attorney Valerie Vanaman will be welcomed at this event to honor her four decades of tireless and dedicated work on behalf of countless women and their families.

It will be a ground breaking event launching TWCW's 1<sup>st</sup> annual education and resource event targeted for women's health. A variety of booths for special needs resources will be this year's focus coupled with culinary demonstrations, appetizing catered food, a string quartet, silent auction, scheduled speakers, raffle prizes and tenured standup female comedians, "*Comics with a Reason.*"

TWCW is a nonprofit group of volunteer health professionals, specialists, educators and women supporters/advocates who have partnered together in order to address **unmet** health-related needs of women in our San Fernando Valley communities. Providing a collaborative approach to consultation, education, resource referral as well as efforts to generate funds for financial scholarships is at the core of TWCW's ability to carry out their mission. Assistance on multiple levels for women caretakers of loved ones with "special needs" is at the forefront of our focused efforts.

**NOTE:** Attorney Valerie Vanaman will be presented with a special award. Media coverage is welcome.
